

# Neighbourhood Plan Progress Update

## **Stage 1- April 2018:**

**Consultations were conducted with local residents.**

**Three Future Plans were offered for consideration and feedback was gathered.**

**Result: The majority would like to see a rethink and redevelopment of the Meridian Centre and surrounding area.**

## **Major concerns include**

1. Congestion on the A259
2. Oversubscribed schools and doctors
3. Loss of green spaces and shops
4. The need for sports and leisure facilities.

Also Noted: High rise buildings were considered a threat to the area but lower buildings (up to four stories) were considered acceptable in some areas.

## **Stage 2 - Ongoing: Call for Sites**

From August to Oct 31<sup>st</sup>, 2018 we are asking landowners to identify sites larger than .2 hectares with the capacity to accommodate a minimum of 5 dwellings or buildings that will support employment possibilities.

255 more properties need to be identified by 2030

Application forms can be obtained from Telscombe Town Council or Peacehaven Town Council.
